

Baijingtai • Mt. Jiuhua

Lord Bao's Memorial Temple

POST-SYMPIOSIUM TOUR

There are two periods of the symposium. The first period (Aug. 25-27) will be held in Hefei City, and the next two day will move to Mt. Jiuhua.

Hefei City, the capital of Anhui Province, has a history of more than 2,000 years, which is well known both at home and abroad as “a historic site famous from the Three Kingdoms Period and the hometown of Lord Bao”. There are many places for sightseeing. The most famous three are Mingjiao Temple, Xiaoyaojin and Lord Bao's Memorial Temple.

Jiuhua Mountain is a sacred place of Buddhism. It is located in south of Hefei City. The Buddhism was established in 719 AD by Kim Qiaoque, a prince of XinLuo (today is called as Qingzhou City in South Korea), who came to Mt. Jiuhua for 75-year cultivation of Buddhism and died at 99 years of age. His corporeal body is stayed intact and now is displayed in the temple to the visitors. Because he had a similar appearance to Dizang Buddhisattva, the monks there believed Dizang Boddhisattva was reincarnated in him and took the place to hold rites for Dizang Boddhisattva. Now Mt. Jiuhua is also a famous scenic spot of China.

First Call for Papers

The 4th ISPMM'2008

International Symposium on Precision Mechanical Measurements

August 25-29, 2008

Hefei—Jiuhua Mountain, Anhui , China

Xiaoyaojin • Hefei

Sponsored by

International Committee on Measurements and Instrumentation (ICMI)

National Natural Science Foundation of China (NSFC)

China Instrument and Control Society (CIS)

Organized by

Hefei University of Technology (HFUT)

Co-organized by

National Taiwan University (NTU)

The Hong Kong University of Science and Technology (HKUST)

THE SUBJECT AND THE MAJOR TOPICS

The ISPMM (International Symposium on Precision Mechanical Measurements) had been successfully held by Hefei University of Technology in Hefei (2002), Beijing (2004) and Xinjiang (2006). The 4th ISPMM will be held in Hefei and Mt. Jiuhua on August 25-29, 2008. The previous ISPMMs were supported by NSFC, ICMI, CIS, TsingHua University, National Taiwan University, ICMI and Tohoku University (Japan). The major topic areas included (but not limited) in the program of the Symposium are as follows:

- Length & Angle Measurement
- Coordinate Measurement Technology
- Micro-Nano Metrology & MEMS
- Sensor Technology & Application
- Online Automatic Measurement & Control
- Vibration, Stress & Thermal Measurement
- Opto-Electronic Measurement & Image Processing

- Measurement Signal Analysis & Processing
- Precision Theory & Uncertainty Evaluation
- Quality Engineering Theory & Technology

PAPERS

The conference papers will be published in SPIE and cited by Engineering Index (EI). Only papers presented will be included in the proceedings.

IMPORTANT DATES

Submission of abstracts	December 15, 2007
Notification of abstract acceptance	January 20, 2008
Submission of Full Papers	March 28, 2008
Notification of Full Paper acceptance	May 10, 2008
Submission of edited English (if request)	July 10, 2008
Date of Symposium	August 25-29, 2008

SUBMISSION OF ABSTRACTS

The authors are required to submit a one-page abstract on A4 size page. The abstract should introduce new results and achievements of the research in the indicated fields. Research aims, principles, methods, key techniques, essential equations, results and conclusions may be included in the abstract.

Each abstract should include the title of the paper, names of the authors and principle co-authors, address, phone/fax number and E-mail address. The abstract is admitted at the following address by post or E-mail:

Mrs. Qiaoyun Liu, Ms. Li Sheng
School of Instrument Science and Opto-electronic Engineering
Hefei University of Technology,
Hefei, Anhui 230009
P.R. China
Tel: (+86) 551-2903823, 2901512, **Fax:** (+86) 551-2903823, 2901508
E-mail: ISPMM2008@hfut.edu.cn <http://www1.hfut.edu.cn/brief/ISPMM>

OFFICIAL LANGUAGE

The official language is English. All the abstracts should be in English.
